The screenshot displays a school parent portal interface. At the top, a navigation bar includes 'Home', 'Calendar', 'E-Mail', 'School Announcements', and 'Directory'. Below this, the user profile for 'Erin O'Keefe' is shown with a 'More...' button. The main content area is divided into 'Progress' and 'Attendance' tabs. The 'Progress' tab is active, showing a table for the 'FIRST QUARTER' with columns for 'Class', 'Average', 'Grade', and 'Teacher'. The 'Attendance' tab is currently empty. To the right, an 'Upcoming Events' box is highlighted with a red circle, listing events such as 'Test on Bible' (08/11/2018), 'Confirmation 8th Gr. Parent Mtg.' Once you are logged in, your home page will look something like this. This is the page for a middle school student so all the academic subjects are visible. Parents of students in grades PK-3 will only see their child's homeroom listed.

Please note the Upcoming Events box to the right. Many of these events are links that can be opened for additional information. For instance . . .

The school picture day notification opens up to show the dress code, especially for 8th graders, and a link to order school picture packages on line.

Note: You can still do this tonight before school pictures are taken tomorrow.

Across the navigation bar please note the Newsfeed tab, the Groups tab, and the Email tab.

The Groups tab will allow you to view detailed information about groups that older students belong to such as choir, and drama.

Click on the newsfeed tab to view all of the information for all children in one place.

Click on the Email tab in order to send an email to your child's teacher.

Click on calendar to view a complete list of all school events, updated regularly.

The school year calendar can be exported to your mobile device. Items are color-coded. Red identifies changes to the regular school schedule. Purple items are family or parent events. Double click on some calendar items for additional information or details such as . . .

Information about the Virtus Workshop which is required for all new adult volunteers who work in proximity to students. There's a link here to the site where you can pre-register for the workshop.

Back on the home page, as you scroll down below the students' list of classes, you can view a list of school announcements, and school links and files. School announcements typically refer to important news and upcoming events that might require action such as enrichment program information and the link to the registration page.

School links and files is a more static list of school resources that parents can refer to throughout the school year. Look here to view the school handbook, uniform policy, etc.

The screenshot displays a parent portal interface. At the top, there are navigation tabs: Home, Calendar, E-Mail, School Announcements, and Directory. Below this is a header for the student, Erin O'Keefe, with a 'More...' button. The main content area is divided into two sections: 'Progress' and 'Attendance'. Under 'Progress', there is a dropdown menu for 'FIRST QUARTER' and a table listing classes, average scores, grades, and teachers.

To the right of the class list is an 'Upcoming Events' section with a table:

Confirmation 8th Gr. Parent Mtg.	08/17/2018

At the bottom of the page, there is a header for another user, Kennedy O'Keefe, with a 'More...' button.

Homework can be viewed in the News Feed or by clicking on the student's class. Students in grades 4-8 have to check every subject area for homework. That's why the News Feed feature is helpful.

Parents of students in grades PK-3 will only see the Homeroom class and can click on that link to view assignments and messages from the homeroom teacher.

Once you have navigated to the class page, please note that the Class Summary area is quite large and it's necessary to scroll down below the Class Summary in order to view Homework.

Note: News Feed is an easier place in which to view homework assignments.
