Young Chefs Cooking Class!

All New recipes for the 4th Quarter!

Young Chefs, brought to us by *Creative Enrichment*, provides a unique interactive cooking experience for students in Grades K-5. This program teaches children the joys of cooking, basic cooking ingredients, nutrition, and the accomplishment of creation.

Our Young Chefs will work together to prepare fun, delicious, nut-free recipes. We explore how chefs use math, science, creative art, history, and language arts to create the food we eat. At the end of the cooking program, a *Young Chef's Recipe Book* will be available for purchase on the Creative Enrichment website, featuring all the scrumptious recipes we prepared in class! To learn more about this exciting program, please visit the Creative Enrichment website:
