

June 2022

Dear Parents,

First grade is requiring that each in-coming kindergartener reads at least *15* books over the summer. Your child can read his/her book alone or with a family member. The most important thing to remember is for your child to **READ** and **ENJOY!!**

A snake worksheet is attached for your child to record their reading progress. Each time he/she reads for 30 minutes, a section of the snake should be colored. Also, once your child has finished a book, he/she should write the title and the author of the book on the back of the snake worksheet.

The snake worksheet must be returned to your child's First Grade teacher at the start of the 2022 school year. Completion of this summer reading assignment will be counted as a homework grade in September.

Have fun reading!

Mrs. Vucci
