

Summer Math Assignment for Middle School Students

Students should be **reviewing** basic math skills throughout the summer. The material should be familiar to your child; a review of previously learned concepts.

Once the books arrive, please check the back and tear out the answer key. Students can use these to check their work after a page, or section, is finished, but please monitor this to ensure that they do the work before checking the key.

Please also ensure that your child spaces the work out over the summer (complete 3-5 pages per week). The point is that they do regular work in math over the summer to avoid the effects of summer learning loss. It should mostly be review of material that they have previously learned.

For difficult concepts, and/or further practice, Khan Academy is a fantastic resource.

The completed workbook will be collected on the first day back next year.

Order the summer skills workbook as linked below:

Kindergarten students should complete the packet linked to the Summer Reading Assignment. Language and math review topics are included in that packet.

Entering 1st Grade - <https://www.summerskills.com/product/summer-math-skills-sharpener-kindergarten/>

Entering 2nd Grade - <https://www.summerskills.com/product/summer-math-skills-sharpener-1st-grade/>

Entering 3rd Grade - <https://www.summerskills.com/product/summer-math-skills-sharpener-2rd-grade/>

Entering 4th Grade - <https://www.summerskills.com/product/summer-math-skills-sharpener-3rd-grade/>

Entering 5th Grade - <https://www.summerskills.com/product/summer-math-skills-sharpener-4th-grade/>

Entering 6th graders (attended 5th grade 2021-2022): <https://www.summerskills.com/product/summer-math-skills-sharpener-6th-grade/>

Entering 7th graders (attended 6th grade 2021-2022): <https://www.summerskills.com/product/summer-math-skills-sharpener-7th-grade/>

Entering 8th graders (attended 7th grade 2021-2022): <https://www.summerskills.com/product/summer-math-skills-sharpener-pre-algebra/>
